# AIR FREIGHT

Import and Export

## Challenges of Air Freight in Bangladesh

- Major incompetence in area of space and capacity provides by Airline.
- It has been tough to get wise and realistic air freight in the market. And simultaneously market selling rates fluctuate to a high degree in Peak and Lean Season as always and stands as a regular scenario.
- Limited numbers of Freighters are available thereby restricting the size of the shipments to be moved in a single lot.
- Primitive cargo handling facilities – warehouse size just 70,000 Sqft outside and inside only 30,000 Sqft for loading and palletization which insufficient.
- Shortage of cargo handling equipment and no stack yard for containers.
- Before cargo handover to the airlines cargo is kept under sky exposed to sun and rain.
- visible scenario of theft and others crime are extensively seen in the open cargo complex.
- For import cargo usual scene is delay docs h/o and cargo kept under open sky which causes CTN damage and wet in rain.

## KTS core proficiencies in Air Freight:

- KTS Occupied Block Space Agreement with all major airlines like – ETIHAD, QATAR, SAUDIA, TURKISH AND CATHAY PACIFIC AIRLINE which offers biggest cargo flight (**747- 400 & 800**) from DAC.
- KTS provides additional warehouse facility to our customers with 20,000 sqft space near DAC airport.
- KTS provides special freighter owned by KTS in peak season to support our premium customers.
- Dedicated Air Export operations Team involve in loading and clearing at DAC airport.
- 24X7 Operations management and any time cargo receiving at DAC airport.
- KTS offers quick and faster solution of documentation for import cargos and also updates clients time to time about cargo status.
- KTS occupies wide range of Handling agent at DAC airport so that we can support our clients any time.

## Principal Facilities in Air Freight by KTS:

KTS is aimed to be the one amongst of world TOP global freight forwarder and also offers full range of Logistics solution. As a member of the **International Air Transport Association (IATA)**, we maintain our own air freight offices at the major hubs in Europe, USA, Asia, Middle East and Africa. We use state-of-the-art technology both for the efficient electronic handling of customs clearance and freight documents, and to relieve our customers of their administrative burdens. Following points are ours core Facilities towards our clients :
